Aspidochelone

The Island That Breathes

Price: \$1.99

Map Size: 240 x 240 feet

Size of Files: 497.59 MB

Published: Nov. 18, 2025

[DTRPG #546503](#)

For generations, sailors have whispered tales of an island that breathes. Sand warms beneath the sun, trees take root, and birds gather along the shoreline...until the “island” begins to shift.

Based on the legendary Aspidochelone – the colossal sea turtle mistaken for an island – this map pack brings one of the oldest maritime myths to life. Perfect as a dramatic encounter, a mysterious waystation, or a full adventure site, this living isle can drift into any seafaring campaign. Whether your players approach it cautiously or pitch camp upon its back, the ocean has a way of reminding travelers that the world is far older, and far stranger, than they imagined.

From humble fishing boats to sleek smugglers' cutters and Viking longships, Boats & Small Watercraft provides a versatile fleet of 21 detailed vessel maps for tabletop roleplaying games.

Whether your adventurers are crossing a quiet river, patrolling a busy harbor, smuggling contraband beneath the cover of darkness, or setting sail for distant shores, Boats & Small Watercraft provides a versatile collection of detailed vessel maps for tabletop roleplaying games. This map pack includes 21 fully realized watercraft spanning six vessel types: rafts, rowboats, keelboats, barges, gondolas, and Viking longships. Many vessels also include alternate variants with sails raised or lowered, cabins opened, cargo loaded or unloaded, and other gameplay-ready options.

- **Maps Included:** 21+ variants

Bramblewick

A Hidden Gnome Haven in Wonderwood

Welcome to Bramblewick, a whimsical gnome village nestled among gentle hills, winding waterways, and towering trees. This richly detailed, top-down map brings to life a vibrant community of hill and forest gnomes, where burrow homes dot the hillsides, treehouses rise among the branches, and cottages grow from oversized mushrooms. Perfect for use as a fantasy town map, village map, or encounter map in Dungeons & Dragons, Pathfinder, and other tabletop RPGs.

A mighty fortress stands where river meets sea. Protected by towering walls, harbor defenses, and a vigilant lighthouse, the Coastal Fortress serves as a noble residence, military stronghold, center of government, religious sanctuary, and arcane bastion all in one. Whether your players arrive as honored guests, desperate defenders, daring infiltrators, or invading conquerors, this massive multi-level location is designed to support countless adventures. From the harbor docks and sea walls below to the summoning chamber atop the mage's tower, every level of the fortress has been carefully designed to feel both believable and adventure-ready.

[DTRPG #572691](#)

Deserted Island is a detailed tropical battlemap and VTT map designed for shipwreck adventures, pirate treasure hunts, wilderness exploration, and survival scenarios. Whether your adventurers are stranded after a storm at sea, searching for hidden treasure, investigating a mysterious cave, or simply making landfall during a larger coastal campaign, this versatile island map is ready for adventure. Rising above the island, a rocky hill crowned by a freshwater basin spills into a cascading waterfall that provides a vital source of fresh water for castaways and explorers alike. Surrounded by coral reefs and rocky outcroppings, the island features white-sand beaches, lush tropical vegetation, a freshwater stream, abundant marine life, a hidden cave entrance, a sunken canoe, and the remains of a wrecked ship resting beneath the waves. The map can serve equally well as a castaway survival challenge, a pirate hideout, a monster lair, a random wilderness encounter, or a destination in any coastal or nautical campaign.

Druid Henge

Planar Battlemaps Set (Material, Fey, Shadow)

Price: \$2.99

Map Size: 240 x 320 feet

Size of Files: 807.9 MB

Published: May 5, 2026

[DTRPG #566680](#)

An ancient henge stands at the crossroads of three realities. This battlemap set presents three versions of the same druidic site, each shaped by a different plane of existence: the grounded Material Plane, the vibrant Fey Realm, and the corrupted Shadow Realm. Use each map on its own or link them together as a planar nexus, allowing your players to step between worlds where the same place exists in radically different forms.

- **Maps Included:** 3 variants
- **Variants:** Material Plane, Fey, Shadow

Forest Temple Ruins

Forgotten Gods Beneath the Forest Canopy

Uncover the mysteries of an ancient temple hidden deep in the forest – a place where broken stone walls, moss-covered statues, and shadowy crypts whisper of forgotten gods. Beneath the shattered sanctuary lie forgotten crypts, hidden tombs, and ancient passages reclaimed by roots and time. Whether the temple once honored a benevolent deity or concealed darker secrets is for your players to discover.

Whether your adventurers stumble upon the ruins by chance or seek them out for their secrets, these maps bring the setting to life for any fantasy RPG system.

Frostmaidens' Cradle

In the icy mountain peaks, the Alpine Hags shriek and wail

Price: \$4.99

Map Size: 400 x 320 feet

Size of Files: 1,509.72 MB

Published: Oct. 22, 2025

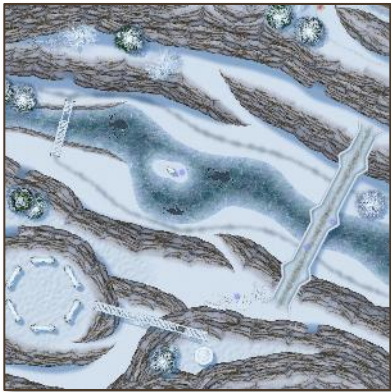

[DTRPG #541685](#)

High in the jagged peaks where the wind cuts like glass, three winter hags weave their blizzards of malice. Frostmaidens' Cradle reveals their mountain stronghold – an ancient dwarven outpost entombed in ice and twisted by dark magic. Beneath these frozen caverns, the white dragon's bones lie in silence...and the Frostmaidens whisper their cruel plans to awaken a power older than winter itself. Use this map pack to drop a ready-to-run alpine lair into any fantasy campaign or use it as the fourth chapter in the Season of the Hag series. Whether your heroes come seeking the stolen warmth of spring, a lost dwarven relic, or vengeance for a frozen village, the Frostmaidens wait.

Grotto of the Goddess of Love

A Hidden Sanctuary Blessed by the Sea

Price: PWYW

Map Size: 240 x 240 feet

Size of Files: 187.94 MB

Published: Sept. 2, 2025

[DTRPG #535090](#)

Hidden among crystalline seas lies a small heart-shaped island, sacred to the goddess of love. Steep cliffs and jagged rocks guard its shores, making it unreachable by mundane means. Instead, travelers must dive through an enchanted underwater portal to emerge within its sheltered sands. Inside the grotto, the air is filled with the fragrance of cherry blossoms and exotic fruits. Palm fronds sway gently in the sea breeze, while flowering bushes scatter bursts of pink across the island's edge. Couples of sea creatures – turtles, sharks, and octopi – circle the island in harmony, symbols of love's many forms.

- **Maps Included:** 1 level

Icy Ruins

Winter Has Buried Its Secrets Well

Price: \$2.99

Map Size: 320 x 280 feet

Size of Files: 529.93 MB

Published: Jan. 31, 2026

[DTRPG #555353](#)

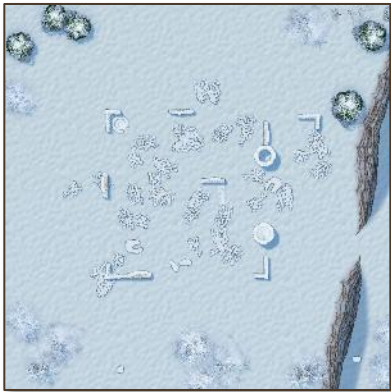

Beneath the drifting snows of a frozen wilderness lie the icy ruins of an ancient temple, fortress, or outpost, long abandoned and half-buried by time and winter. Crumbling stone walls rise from the snow above, while forgotten halls, crypts, and caverns stretch below – preserved in ice and silence.

This two-level map set presents a versatile, system-neutral dungeon suitable for winter, mountain, or arctic campaigns. The upper level depicts snow-covered surface ruins, including collapsed walls and a grand, snow-choked staircase descending into the depths. Below, the subterranean level reveals frost-lined corridors, crypts with disturbed sarcophagi, ancient halls, and a breach into crystal-filled caverns that hint at deeper secrets...or the source of the unnatural cold itself.

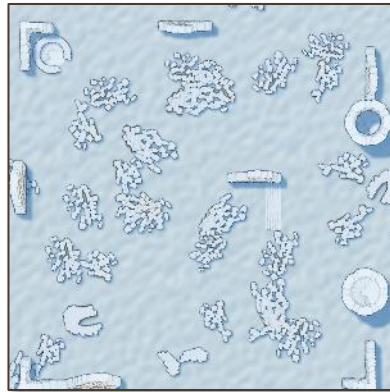

- **Maps Included:** 2 levels

Mapleford Village and the Candle & Kettle Inn (Summer)

Welcome to Mapleford – a cozy riverside village perfect for adventurers. This map pack presents the summer edition of Mapleford, a humble settlement built around its shallow ford and surrounded by orchards, gardens, and a patchwork of rural life. Whether your players are passing through, putting down temporary roots, or unraveling mysteries beneath its quiet charm, Mapleford serves as a versatile home base for any fantasy campaign.

At the heart of the village stands the Candle & Kettle Inn, a warm and welcoming establishment offering food, drink, social gatherings, and rooms for the weary. This pack includes the full exterior and complete multi-floor interior of the inn, ready to drop into any session.

Miremothers' Den

The Marsh Has Mothers of Its Own

Price: \$4.99

Map Size: 320 x 480 feet

Size of Files: 1,979.77 MB

Published: Oct. 17, 2025

[DTRPG #540599](#)

In the choking heart of the marsh, where roots twist like serpents and the mist never lifts, three hags – Slytha the Mireheart, Grumma Rotbelly, and Nerrith the Stillborn – rule their drowned dominion. Together, they are known as the Miremothers, and their lair festers atop a maze of half-sunken ruins and islands of rot. Here they breed crocodiles in pens of bone, imprison captives in living mud, and chant beneath the watchful gaze of the Bog Skull, their talisman of power and decay.

Miremothers' Den is the third lair in the Rise of the Crone-Mother campaign series. It can be played as a standalone adventure or as part of the full saga, in which four covens of hags – of sea, forest, swamp, and frost – seek to resurrect the primordial Crone-Mother through ritual and sacrifice.

- **Maps Included:** 3

Teleportation Portal

The Old San Francisco Mint

History's Granite Lady, Reimagined for Adventure

Known as the “Granite Lady,” the Old U.S. Mint at 5th and Mission Streets in San Francisco survived the 1906 Earthquake and Fire while guarding nearly one-third of the nation's gold reserves in its vaults.

Now you can bring this legendary building to your tabletop games. This system-neutral map pack provides four complete floors of the Mint, redrawn from historical blueprints in Campaign Cartographer 3, and adapted for easy use in any RPG setting. Use it as the actual Mint in a historical game, or reimagine it as a bank, a fortress, a museum, or a noble's mansion in your fantasy, historical, or modern campaigns.

Rise of the Crone-Mother

Five Covens. One Dark Destiny.

An interconnected saga of covens, talismans, and dark rebirth – perfect for the spooky season or any campaign steeped in horror.

Deep in shadowed forests, fetid swamps, storm-lashed peaks, and beneath the waves, four covens of hags scheme as one. At their head stands Mournvex, the Ashen Hag, who has united them in a single grand ritual: the resurrection of the Crone-Mother, the mythical progenitor of all hags.

Adventurers who stumble into their schemes may confront a single coven – or may pursue the witches across every lair, unraveling their growing power before it culminates in the volcanic Womb of Ashes.

Nine icy outdoor battlemaps for winter, arctic, and alpine adventures – designed for both Virtual Tabletops (VTTs) and print play. These maps are system-neutral, unlabeled, and free of built-in lore so you can drop them into any campaign whenever winter travel turns dangerous.

Several forest maps include two tree-cover variants: one with treetops visible and one with treetops hidden (showing trunks and canopy shadows), allowing creatures to move beneath dense branches while preserving the feel of a true winter forest.

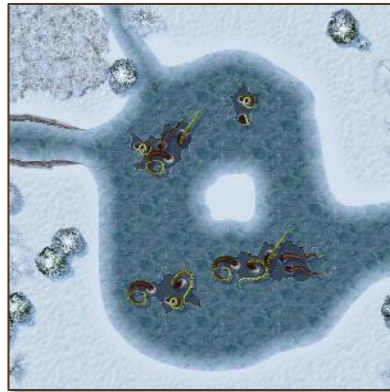

- **Maps Included:** 16

Withering Glade

Forest hags of rot and thorn

Deep within an ancient forest where light dares not linger, three hags whisper their rot into root and leaf.

The Withering Glade was once a sacred elven grove, home to a towering oak and the spirit who tended it. Now, its heart is hollowed and poisoned, and the trees themselves seem to turn their branches away from the sun. The forest hags have twisted beauty into corruption, using thorn and bramble as both shield and snare. Each of the three sisters – Thestia the Briar-Witch, Ylsira the Rootbound, and Bramblemaw the Thorn-Tongue – rules her own hollow, each plotting to gain favor from their mistress, the Ashen Hag Mournvex, who seeks to bring about the rebirth of the Crone-Mother herself.

Wizard's Tower

Arcane Secrets Rise One Floor at a Time

On nearly every fantasy map stands a solitary tower whose highest windows glow long after sunset. Is it a beacon of wisdom, a repository of dangerous magic, or the home of an unpredictable recluse? The Wizard's Tower Map Pack brings that timeless fantasy location to life with richly detailed interiors ready to become the stage for your own stories.

This richly detailed map set is perfect for dropping into any fantasy campaign. Whether your players are visiting a friendly archmage, infiltrating a rival's stronghold, or uncovering long-forgotten experiments, this tower is ready to become the centerpiece of your adventure.

Womb of Ashes

Where the Crone-Mother Shall Rise Again

Price: \$4.99

Map Size: 320 x 320 feet

Size of Files: 779.41 MB

Published: Oct. 31, 2025

Deep beneath a smoking volcano lies the Womb of Ashes, the final lair in the Season of the Hag series and the culmination of the Rise of the Crone-Mother saga. Here, five covens converge – sea, forest, swamp, alpine, and ash – to complete a ritual thirteen months in the making.

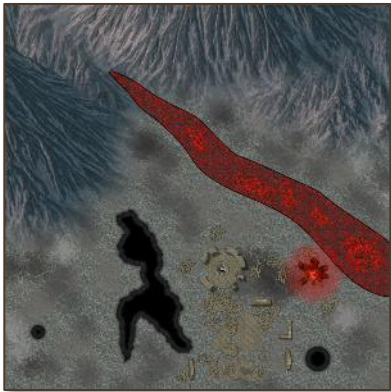

The air burns. The stone weeps. And if the ritual succeeds, a god-hag will walk the mortal world once more. This is the ultimate hag stronghold, a sprawling volcanic dungeon filled with ritual chambers, lava-lit caverns, and the ancient sigils of five elemental covens. Each level draws adventurers deeper toward the molten heart of the mountain – and the rebirth of something far older than witchcraft itself.
